(For Additional City Intelligence see Third Page.)

THE RIOT AT SIXTH AND CHESTNUT STREETS LAST NIGHT.—There was a serious riot during the night at the intersection of Sixth and Chestnut streets, which, by the way, minutes it lasted, threatened rather serious consequences. There were several shots fired from pistols during the riot, and there were also other missiles thrown around promiscuously. A number of men were injured. A ball passed through the back window of the store of Mr. Lukens, at the northeast corner.

Stephen Wedon, a member of the Myers Campaign Club, residing on Charlotte street, was wounded in the breast. The ball did not penetrate to any depth. It seems as though it grazed his breast, thus producing a flesh wound.

George W. W. was struck on the right side of the head with a brick.

Harris Montgomery was struck on the head with a club and much blood spurted from the head.

Officer Bunch received a severe blow on the head with a paving stone, as he was in the act of making an arrest. He was severely injured that it was thought he would not recover.

Officer Hess was shot in the ear with a buck-shot that passed through that organ.

Officer Stark was shot in the nose, the ball passing through.

Officer Baker was struck on the head with a paving stone, as he was in the act of making an arrest. He was severely injured that it was thought he would not recover.

THE CHOLERA.—There were thirty-nine cases of cholera reported to the Board of Health from noon of yesterday to noon today. It is so said that there will be a continued decrease in the number of cases, owing to the favorable weather.

SPECIAL NOTICE TO THE "REPUBLICAN INVINCIBLES," "BOYS IN BLUE," "WHITE BOYS IN BLACK AND BLUE," AND "KEYSTONE CLUBS."—Now that politics are getting so exciting, the subscriber would offer for the use of parades, meetings, etc., his famous "Bullet-proof Vest," capable of resisting any pistol-shot, or a rifle-shot at fifty yards, so that discussions, even the most animated, can be carried on with comparative safety. A large deduction made to clubs in taking a number. Hear what General Grant says:—"It is an insult to ask any loyal man to buy his clothing at any other place than at Charles Stokes & Co.'s One price, under the Continental, as they sell the best, and have the price marked in plain figures on all of the goods."

We fully endorse the above.

CHARLES STOKES & CO., Clothiers, under the Continental.

A HANDSOME STOCK OF JEWELRY.—One of the most attractive stocks of watches, jewelry, silver and plated ware which we have lately seen, is that of Messrs. Smith & Dyer, at the S. E. corner of Tenth and Arch streets. The assortment is not only large, but varied, and embraces in the jewelry line full sets of amethyst, corundum, ruby, sapphire, emerald, etc. They have a full line of English, French, and American time-keepers of the most approved make, which they are selling at very low prices. These goods will be found to be as represented, and guaranteed for one year. Messrs. Smith & Dyer are a firm of excellent business qualifications, and, though young in years, are thoroughly conversant with their business in all its details. When in want of anything in their line call on them. You cannot fail to be pleased with their mode of doing business.

It is with feelings of pride as American manufacturers that we publish the following testimonials which have been received by us recently.

EUROPEAN TESTIMONIALS.

Received during the month of August, 1886.

London, July 25, 1886.

Messrs. Chickering & Sons.—I have much pleasure in inclosing a document signed by first concert pianists, and professors in Europe, in testimony of the high quality of your Grand Square and Upright Pianos. I have had the honor to see and play on one of your instruments, and I have no hesitation in endorsing the opinion of my old friend Mr. Collard, which I am sure must be gratifying to you.

I have the honor to be, gentlemen, very truly yours,

JAMES A. WEDD.

London, January 14, 1885.

Messrs. Chickering & Sons.—I have great pleasure in asking you to convey to Messrs. Chickering the expression of my highest approval of your instruments. It is, I consider, not merely the best instrument of American manufacture that I have tried, but one of the finest Grand Square pianos that I have ever come under my observation; and I have no hesitation in endorsing the opinion of my old friend Mr. Collard, which I am sure must be gratifying to you.

I have the honor to be, gentlemen, very truly yours,

JAMES A. WEDD.

London, July 25, 1886.

Messrs. Chickering & Sons.—I have been invited by Messrs. Collard to try a new instrument of yours, and I have no hesitation in endorsing the opinion of my old friend Mr. Collard, which I am sure must be gratifying to you.

I have the honor to be, gentlemen, very truly yours,

J. L. HART.

Testimonial from the most distinguished Artist in Europe, M. J. Adolph, to Messrs. Chickering & Sons.

London, July 25, 1886.

Having played upon a piano-forte made by Messrs. Chickering & Sons, of Boston, and new York, I have much pleasure in testifying to its general excellence. For sweeter, more brilliant, and more delicate of touch, and magnificent power for concert purposes, I consider it a really Grand Piano-forte, and I have no hesitation in endorsing the opinion of my old friend Mr. Collard, which I am sure must be gratifying to you.

I have the honor to be, gentlemen, very truly yours,
